My dear President,

It has occurred to me that in event of your requiring further information relative to the new men in prospect for the staff in French in University College, I should report to you that I have just received a letter from Prof. Morand saying that he was leaving New York for France on Saturday or Monday last, to be absent for as short a time as possible; and that his wife expects to accompany him to Canada. I had sent him word that we are reopening on the 26th of September this year, and said that as he is obliged to go to France, we should try to get on till he can join us, if he should be delayed a few days. He expected to sail a week earlier; but he was called to Washington to make some official report there. It is quite probable that he has written to you of his plans; but in case he may not have done so, I should like you to know this.

Mr. McKellar, who is remaining as long as possible in Chicago, has resigned his post at London (Ont.), and will

join us very gladly when we begin work. I suppose his formal appointment can be made when the Board of Governors meets again.

I have done as I promised to do in reference to an enquiry into the apartments available in Toronto, and the rent asked for them, and I reported the results of my search to Prof. Morand. I am afraid he may have great difficulty in finding suitable quarters; but it was obviously impossible for him to engage any of those I found vacant, as he was then quite anxious about his wife's health, and uncertain of several things besides.

I trust that the change of air and of scene may have been of great benefit to you and Lady Falconer and the children. Toronto was very uncomfortable for a good fortnight and more.

Believe me to remain
Very faithfully Yours

Lake Muskoka.

Dear Professor Cameron:

Sir Robert Falconer went to Halifax last Monday and will not return to Toronto until September 10th, and he will then see your letter.

As the Governors meet on the 15th would you be kind enough to send Mr. McKellar's full name and address and his title in the Department of French, so that his appointment may be made at the first meeting of the Governors. I do not see about the President's papers any record of this.

I hope that you are enjoying the splendid weather in Muskoka after the hot weather that prevailed at the time of the Summer Session.

Yours very truly,

President's Secretary.
